

Beam

Beam was born out of requests from designers for a simple, fully customizable linear pendant that could be tailored to the needs of the client. Beam is available in the four standard sizes of 4', 6' and 8' and can be customized up to 12', contrasting ends are standard.

As is typical of Mike's designs, sustainability principles are fundamental. He only uses North American hardwoods (Eastern Maple, Ash, White Oak and Black Walnut) and all the finishes and glues meet Mike's strict "Home Friendly" criteria. In addition, all the electronic components are fully serviceable, extending the Beam's life well past that expected of the electronics. Details on product care, service options and warranties can be seen [here](#).

Dimensions:

Width - 2"

Height - 3.5"

Length - 4' to 8'

LED Specs:

Standard LED - 420 lm/ft 4.5 W/ft 90 CRI Dimmable
