

# Bow Lamp

The Bow Lamp is a meticulously hand-crafted minimalist floor lamp and one of Mike's most iconic designs. It features a double-tapered bent hardwood 'Bow' fitting seamlessly into its curved white oak base and is made using traditional joinery and wood bending techniques. Its 'smart home' compatible lighting system takes the Bow Light from practical task lighting to functional art with the touch of a button.

As is typical of Mike's designs, sustainability principles are fundamental. He only uses North American hardwoods (Eastern Maple, Ash, White Oak and Black Walnut) and all the finishes and glues meet Mike's strict "Home Friendly" criteria. In addition, all the electronic components are fully serviceable, extending the Bow Lamp's life well past that expected of the electronics. Details on product care, service options and warranties can be seen [here](#).

## Dimensions:

Lamp is 7' high with a reach of 5'  
Base is 15.5" x 12"

## LED Specs:

1000 lm, 9W, 90+ CRI, Dimmable

## Power:

12VDC wall mounted plug-in powersupply with approximately 6' cord.

## Dimming:

Wireless dimming using the Liteline OnCloud system with both remote and SmartHome capabilities.

## LED Colour Temperature Options:

2700K (ideal for dining room or living space)  
3000K (commonly used in kitchens).

Other colour temp options are available on request.

## Certification:

While the Bow Lamp is only certified for use in Canada all the components used are UL / ETL certified.

## Finish Options:

Ash

Black Walnut

Natural  
White Oak

Ebonized
