

# S-Light

The S-Light is a modern piece of functional art and Mike's most distinctive linear pendant design. Using the same tapers as the Bow Lamp, the asymmetrical form of the S-Light is perfect for hanging over a bar, kitchen island or dining table and adds a unique minimalist statement to the space. This hardwood light fixture is suspended by two, easy-to-install, low-voltage powered suspension cables, eliminating the need for unsightly power cables.

As is typical of Mike's designs, sustainability principles are fundamental. He only uses North American hardwoods (Eastern Maple, Ash, White Oak and Black Walnut) and all the finishes and glues meet Mike's strict "Home Friendly" criteria. In addition, all the electronic components are fully serviceable, extending the S-Lights's life well past that expected of the electronics. Details on product care, service options and warranties can

[be seen here.](#)

8' A - 96" B - 48

6' A - 72" B - 32"

Power:

12VDC remote driver

LED Specs:

8' - 2000 lm, 25W, 90+ CRI, Dimmable
