

SiteLines

SiteLines is a modern, clean-lined modular lighting system designed for both private residences and public spaces. By using multiples of these curved linear pendants in different groupings, patterns, and sizes, designers and architects can customize their installations to be in keeping with their design vision for any given space.

As is typical of Mike's designs, sustainability principles are fundamental. He only uses North American hardwoods (Eastern Maple, Ash, White Oak and Black Walnut) and all the finishes and glues meet Mike's strict "Home Friendly" criteria. In addition, all the electronic components are fully serviceable, extending SiteLine's life well past that expected of the electronics. Details on product care, service options and warranties can be seen [here](#).

Dimensions:

8' A - 96" B - 58" C - 12"

4' A - 48" B - 28" C - 4"

Power:

12VDC remote driver

LED Specs:

8' - 2000 lm, 25W, 90+ CRI, Dimmable
